

Tierdrop Two Hoop Basketball Net Assembly Guide

COMPONENT LIST

(1) Tierdrop Basketball Hoop with Two Nets

Assembly Instructions

Step 1: Connect B & C Sections using bolt and wing nuts

Step 2: Connect rim support arms (A) to section B using bolt and wing nuts

Step 3: Securely attach rim support arms (A) to the side of existing basketball rim using hook and loop straps and hang metal hook from section B to the front of existing basketball hoop; hook can be adjusted to make sure it is securely attached.

Note: A ladder may be required to safely reach the height of your existing basketball hoop.

Do not hang on rims or slam dunk.
