

Classroom Select® Mobile SimpleStore® Table

Today's Grade K to 12 cafeterias have become multipurpose spaces that require furniture that is both mobile and multifunctional. The Classroom Select® SimpleStore® booth system set is built to put that principle in motion with a caster-equipped table and benches that move when and where you need seating/surface space, and flip and fold up for compact nestable storage when no longer in use. Choose from various laminate top color options, and utilize the table standing alone on its own or conjoined with the benches for dining to dynamic groupwork.

FEATURES

- Folding mobile cafeteria table, benches, or booths
- Your choice of any of our exciting assortment of laminate colors including, woodgrains, patterns, and solid colors
- High backs with a slight 12° pitch provide the perfect contour for comfortable seating
- Rubber Grip-Right glides engage on the floor when open
- Easily mobile on: heavy duty locking casters to allow the Table and Benches to stay in place
- Sold in full booth unit, individual tables, and bench options
- Black T-Mold edge band laminate top features a ¾" thick particleboard or plywood core with a high pressure laminate surface and phenolic backer sheet to minimize warping
- Black LockEdge® laminate top feature a ¾" MDF or plywood core and sealed with a polyurethane edge that offers easier cleaning and added durability
- Easy to clean with soap, water, and an optional diluted bleach solution
- Ships fully assembled

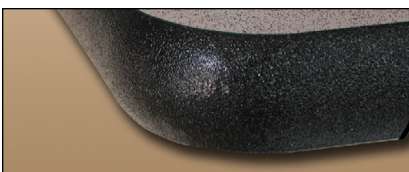

SPECIFICATIONS

CONSTRUCTION

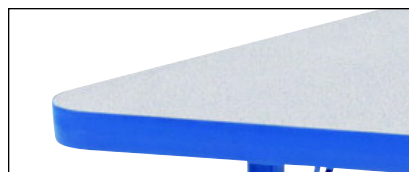

- Tables with T-Mold edge are made of ¾" thickness particleboard core, and LockEdge® are made of 1" thickness MDF core with high pressure laminate top
- Benches are ¾" thickness
- 14-gauge steel 1¼" Square tube legs are available in textured powder coated black
- High pressure laminate is made up of a wear-resistant overlay, that is impact-resistant
- High pressure laminate offers long-lasting function and performance
- Black vinyl T-Mold edge banding is secured using a spot-nail from the bottom to prevent it from pulling away from the edge
- Black LockEdge® polyurethane coating is sprayed directly on to edge surfaces, creating a permanent seal that is impervious to bacteria and moisture for easier maintenance and long-lasting durability
- Double ball bearing non-marring 4" locking casters allow mobility and strength when used
