

MODEL 3068AV | SWITCHABLE STEREO/MONO OVER-EAR HEADPHONE WITH VOLUME CONTROL

Item Number 2103819

INTRODUCTION

The 3068 Series delivers performance at an economical price for 1:1 instruction in listening centers and library uses. One advantage of the 3068 is its ability to switch between typical monaural functions (great for English Language Learning/English Language Development, language labs and speech pathology applications) and the stereo mode for use at computers and for music appreciation classes.

FEATURES

1. Comfortable padded headband for extended wear
2. Fully adjustable to fit most sizes
3. Replaceable, foam-filled ear cushion
4. Stereo/Mono switch
5. Rugged polypropylene plastic earcups resist breakage in high-use situations
6. On-ear volume control
7. Permanently attached cord with reinforced "strain" connection that resists accidental pull out
8. Lengthy 10 foot, CaliTuff® cord
9. 1/4" adapter
10. 3.5mm plug

WARRANTY

Califone's 3 year warranty covers school and business uses.

INCLUDES CALITUFF® CORD

CaliTuff

Highly durable CaliTuff® Cord is made of braided, PVC-jacketed material that resists chewing and cutting. The CaliTuff® design includes a reinforced earcup entry point that resists stress separation and a tethered hook and loop strap that provides cable management for easy storage.
