Optional Seat and Back Pads

A perfect fit for every body, this school chair puts ergonomics at the forefront (and back) with thoughtfully-designed contoured ribs at the backrest for posture-enhancing lumbar support, and a headrest/upper back that flexes as the sitter leans or turns for natural movement throughout the day. Combine that with an indestructible (yet soft) injection-molded polypropylene shell and tubular steel frame legs, a waterfall seat to keep legs circulated, and an integral easy-carry handle at the back, and this chair is positioned to keep students from ages 5 to 18 at ease throughout the entire school year.
