#### arm height adjustment

Raise or lower so your forearms rest comfortably while typing at a computer and working at your desk.

#### center-tilt

Chair tilts from a point under the center of the seat allowing you to rock. Tension adjustable.

#### back angle adjustment

Adjust to change the angle of the back in relation to the seat. Will allow for multiple angles based on individual's size.

#### tilt tension control

Increase or decrease tilt tension depending on user's bodyweight.

#### knee-tilt

Chair tilts from a point at the front of the seat keeping your feet on the floor as you rock. Tension adjustable.

#### tilt lock

Lock in positions to accommodate your posture.

#### seat depth adjustment

Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

#### synchro-tilt

Backrest and seat tilt in unison. Back tilts more than seat and is tension adjustable.

#### seat height adjustment

Raise or lower so your feet rest flat on the floor. This will accommodate individuals of all different heights.

#### forward seat tilt

Allows chair to tilt forward changing the angle of your thighs in relation to the floor. Allows for full back support when working at a computer.
