ON MY WAY TO SUCCESS!

Doing well in school and other activities usually is not a result of "luck." Doing well is a result of planning. Planning is organizing. It is putting yourself in the driver's seat. Planning is taking control of the steering wheel of your life.

SETTING YOUR GOALS

1. Set realistic goals – not dreams.
2. List your goals in order of importance.
3. Draw up an action plan for each goal.
4. Set reasonable time limits.
5. Do not put off actions – actively pursue your goals.
6. Think of yourself as an achiever and go for it!

- Record homework on the date it is assigned.
- Record tests and projects on the date they are assigned and the date they are due.
- Write a reminder about upcoming events (sports, events, parties). Put the reminder on the date when the event will occur.
- Do work that is most important first.
- After each assignment is completed, check the "Done" box.
