Mobile Booth System Folded

Benches Folded

Bench

Today's Grade K to 12 cafeterias have become multipurpose spaces that require furniture that is both mobile and multifunctional. The Classroom Select® SimpleStore™ booth system set is built to put that principle in motion with a caster-equipped table and benches that move when and where you need seating/surface space, and flip and fold up for compact nestable storage when no longer in use. Choose from various laminate top and T-mold color options, and utilize the table standing alone on its own or conjoined with the benches for dining to dynamic groupwork.

FEATURES

- Folding mobile cafeteria table, benches, or booths
- Your choice of any of our exciting assortment of laminate colors including, woodgrains, patterns, and solid colors
- High backs with a slight 12° pitch provide the perfect contour for comfortable seating
- Rubber Grip-Right glides engage on the floor when open
- The locking casters allow this table to stay in place
- Sold in full booth unit, individual tables, and bench options
- T-Mold laminate top features a 1¹/₈" thick particleboard or plywood core with a high pressure laminate surface and phenolic backer sheet to minimize warping
- Black LockEdge® laminate top feature a 1¹/₈" MDF or plywood core and sealed with a polyurethane edge that offers easier cleaning and added durability
- Easy to clean laminate tops with soap, water, and an optional diluted bleach solution
- Choose from an array of 23 vibrant T-Mold edge colors for overall room color coordination

SPECIFICATIONS

CONSTRUCTION

- Tables with T-Mold edge are made of 1" thickness particleboard core, and LockEdge® are made of 1" thickness MDF core with high pressure laminate top
- Benches are ¾" thickness
- 14-gauge steel 2 inch tube legs are available in textured powder coated black
- High Pressure laminate is made up of a wear-resistant overlay, that is impact-resistant
- High Pressure laminate offers long-lasting function and performance
- Vinyl T-mold edge banding is secured using a spot-nail from the bottom to prevent it from pulling away from the edge
- LockEdge® polyurethane coating is sprayed directly on to edge surfaces, creating a permanent seal that is impervious to bacteria and moisture for easier maintenance and long-lasting durability
- Double ball bearing non-marring 3-inch locking casters allow mobility and strength when used
