

Classroom Select® Lateral File Cabinets

Convenient for classrooms to offices, Classroom Select® Lateral File Cabinets with hanging file rails provide attractive, secure storage and easy side-by-side filing access to letter, legal, or A4 size paperwork. Five full-width pull drawers slide smoothly and quietly with heavy-duty ball-bearing slide suspenders. An interlock system prohibits the extension of more than one drawer at a time. A reinforced base and 4 adjustable leveling guides keep the file cabinet stable on any surface, while a core removeable lock and dual locking bars keep drawers (and confidential paperwork) completely secured.

FEATURES

- Drawer slides have an automatic interlock which prevents more than one drawer opening at a time, reducing the chance for cabinet tip over
- Cabinet is equipped with counterweight that prevents tipping
- Locks activate dual lock bars that secure both sides of the drawers
- Each cabinet comes with a core removable lock with a possible 400 key changes. Two keys are included for each lock
- Cabinet is equipped with four leveling glides and reinforced base
- Meets or exceeds applicable ANSI/BIFMA standards
- Two to five drawer file cabinets
- Available in three widths that will accommodate side by side filing in letter, legal or A4-sizes

SPECIFICATIONS

CONSTRUCTION

- Cabinets are shipped completely assembled and have torsion bars (side rails & cross bars) along eight corners that are welded to each other in three places to ensure squareness
- Aluminum drawer pulls
- Three piece 14-gauge steel ball-barrings slides provides smooth, quiet operation and allows maximum drawer extension
- Drawer slides are rated at 160 lbs per pair
- Drawers have neoprene bumpers between the drawers and case sides to prevent metal to metal contact
