

# Childcraft® Outdoor Workbench

Fill your classroom with quality Childcraft® furnishings that have inspired children to explore and discover for more than 70 years. Proudly crafted in USA.

The outdoor workbench is the ideal solution for taking STEM and STEAM projects outside. With a large work surface, the workbench is an exceptional place for both interactive activity and storage space, from science experiments to building models or enjoying dramatic play with toys and manipulatives.

## FEATURES

- All-natural Fijian Mahogany weathers naturally to a beautiful grey tone or readily accepts stain and paints
- Light weight yet durable material
- Naturally resistant to rot and decay, making it ideal for any climate
- All edges are shaped and/or sanded smooth
- Two-tiered spacious shelving provides abundant storage options for toys, outdoor arts and crafts, play or real food, STEM and STEAM makerspace kits, and more

## SPECIFICATIONS

### CONSTRUCTION

- Precision machined dadoes and rabbets measured with micrometers
- Precision drilled holes for proper alignment
- Bench frame is pre-assembled with strong, durable wood glue
- Table legs are reinforced with stainless steel screws from two sides
- Wash using a cloth or soft brush with mild soap and water, rinse after
- Applying a penetrating wood stain or sealer every year (or as needed) helps to retain the color of the mahogany
- Minimal assembly required, hardware and instructions included
