Dino-Mite Job Chart

Teacher-Made Activity
Create a chart that motivates kids to dig in and help out!

You'll Need:

- Red 2" STICK-EZE® Stick-On Letters
- Dino-Mite Pals™ Terrific Pockets™
- Reptile Blue Terrific Pockets™
- Labels superShapes Stickers – Large
- Dino-Mite Pals™ Mini Accents Variety Pack Poster board, jumbo craft sticks, double-sided tape or glue, and marker

Directions:

- Using letters, create the title "CLASSROOM JOBS" on poster board.
- Arrange the pockets in two rows of four, alternating the two designs. Tape or glue in place.

- Write job titles on labels, and place one on each pocket.
- Have children choose what dinosaur they would like to be. Write the child's name on a label, then adhere the accent and label to a craft stick. **Hint:** Choose symmetrical label designs, so you can sandwich the craft stick between the labels.
- Easily change job assignments by making and placing new name sticks in the job pockets.
- Children are proud to be involved and responsible for a role in their classroom family.

Make It Your Own:

Use Dino-Mite Pals™ or other characters to catch students' attention and get them excited about classroom jobs.
