Learning Objective: Cultivate a positive, inclusive learning environment and define class rules.

Sea Buddies™ welcome students to school and share class rules to swim by!

- Create the sea using Blue Splash Terrific Trimmers® and colored paper, framing the edges with bright borders.
- Use the Bubbles 4" Playful Combo Pack Ready Letters® to add the display welcome message.
- Display Sea Buddies™ Mini Accents next to student photos and showcase them under the headline. Write each student's name under her or his photo.
- Laminate all the blank signs in this set for reuse.
- Write "In Our Class, We ..." on the largest sign from this set and your class rules on the other signs. Some examples are:

Follow Directions	Try Our Best
Take Turns	Listen Quietly

What a "fintastic" way to calm kids' first-day-of-school jitters, make them feel included, and get them into the swim of success.
